### ARTICLE V INTEREST; PROFIT PARTICIPATION FEE; ORDER OF PRIORITY

#### Section 5.1 Interest Rate – Facility A.

- (a) Interest shall accrue on the Facility A Loan at the Facility A Interest Rate commencing February 1, 2009.
- (b) Interest, calculated in arrears at the Facility A Interest Rate, shall be payable on each Payment Date. Notwithstanding the foregoing, unless funds are available for payment of interest on any Payment Date, accrued and unpaid interest shall be capitalized on such Payment Date, whereupon such capitalized interest shall be added to the principal balance of the Facility A Note as of such Payment Date and thereafter such amount shall bear interest at the Facility A Interest Rate in accordance with the terms of this Agreement and the Facility A Note.
- (c) All payments (whether of principal, interest or any other amount payable hereunder) shall be deemed credited to Borrower's account only if received by 2:00 p.m. (New York time) on a Business Day; otherwise, such payment shall be deemed received on the next Business Day.
- (d) Interest on the outstanding principal balance of the Facility A Loan shall be calculated by multiplying (i) the actual number of days elapsed in the Interest Period by (ii) a

daily rate based on a three hundred sixty (360) day year and then multiplying the product by (iii) the outstanding principal balance of the Facility A Note.

(e) The Facility A Loan shall bear interest at the Default Rate at any time during which an Event of Default exists.

#### Section 5.2 <u>Interest Rate – Facility B.</u>

- (a) Interest shall accrue on the Facility B Loan at the Facility B Interest Rate.
- (b) Interest, calculated in arrears at the Facility B Interest Rate, shall be payable on each Payment Date. Notwithstanding the foregoing, unless funds are available for payment of interest on any Payment Date, accrued and unpaid interest shall be capitalized on such Payment Date, whereupon such capitalized interest shall be added to the principal balance of the Facility B Note as of such Payment Date and thereafter such amount shall bear interest at the Facility B Interest Rate in accordance with the terms of this Agreement and the Facility B Note; provided, however that in no event shall the aggregate amount of the outstanding principal balance of the Facility B Note ever exceed \$16,000,000.00. In the event that the principal balance of the Facility B Note shall at any time equal \$16,000,000.00, Borrower shall pay all interest due on the Facility B Note on the next Payment Date.
- (c) All payments (whether of principal, interest or any other amount payable hereunder) shall be deemed credited to Borrower's account only if received by 2:00 p.m. (New York time) on a Business Day; otherwise, such payment shall be deemed received on the next Business Day.
- (d) Interest on the outstanding principal balance of the Facility B Loan shall be calculated by multiplying (i) the actual number of days elapsed in the Interest Period by (ii) a daily rate based on a three hundred sixty (360) day year and then multiplying the product by (iii) the outstanding principal balance of the Facility B Note.
- (e) The Facility B Note shall bear interest at the Default Rate at any time during which an Event of Default exists.

#### Section 5.3 Profit Participation Fee.

(a) Borrower shall pay to Lender, in addition to interest and all other amounts due hereunder, the Profit Participation Fee. The Profit Participation Fee shall be fully earned on the Effective Date, and shall be payable, subject to the Order of Priority, (i) on the Maturity Date, (ii) the earlier repayment of the Debt by acceleration or otherwise; or (iii) such earlier date as Borrower shall elect. For purposes of this Agreement and the Notes, "**Profit Participation Fee**" shall mean the <u>greater of</u> (i) \$45,000,000, or (ii) thirty percent (30%) of the amount that is equal to <u>the difference between</u>: (x) the Current Value as determined in accordance with Section 5.3(d) below, <u>less</u> (y) the amount that is <u>the lesser of</u> (1) the outstanding principal balance of the Loan, or (2) the original face amount of the Notes (i.e., \$125,138,327.83).

- (b) The provisions of the preceding section notwithstanding, if Borrower elects to prepay the Profit Participation Fee (but not the Loan) in advance of the dates the fee would otherwise be payable in accordance with Sections 5.3(a) and 5.3(c), the Profit Participation Fee shall be calculated as follows:
- (i) if the payment is made in full on or before March 31, 2010, the Profit Participation Fee shall be the amount that is the greater of (1) \$35,000,000, or (2) the product obtained by dividing the Current Value by the 2009 Value (such quotient being hereafter referred to as the "Fair Market Factor"), then multiplying the Fair Market Factor by \$35,000,000. By way of example only, if Borrower elects to pay the Profit Participation Fee on January 30, 2010, then the applicable Profit Participation Fee would be calculated as follows: assuming that the Current Value equals \$300,000,000, then the Fair Market Factor would be equal to \$300,000,000/\$275,138,328, or 1.09. The Fair Market Factor (1.09) multiplied by \$35,000,000 equals \$38,162,622. In this instance, the amount of Profit Participation Fee would equal \$38,162,622. If the Current Value equals \$250,000,000, then the Fair Market Factor would be equal to \$250,000,000/\$275,138,328, or .91. The Fair Market Factor (.91) multiplied by \$35,000,000 equals \$31,850,000. In this instance, the amount of the Profit Participation Fee would equal \$35,000,000.
- (ii) if the payment is made in full after April 1, 2010 but before September 30, 2011, the Profit Participation Fee shall be the amount that is the greater of (1) \$40,000,000, or (2) the product obtained by dividing the Current Value by the 2009 Value to arrive at the Fair Market Factor, then multiplying the Fair Market Factor by \$40,000,000.
- (c) The foregoing provisions of this Sections 5.3 notwithstanding, if Borrower elects to prepay and retire the Loan and the Profit Participation Fee in advance of the Maturity Date, the fee shall be calculated as follows:
- (i) if the pre-payment is made in full on or before March 31, 2010, the Profit Participation Fee shall be the amount that is the greater of (1) \$15,000,000, or (2) the product obtained by dividing the Current Value by the 2009 Value to arrive at the Fair Market Factor, then multiplying the Fair Market Factor by \$15,000,000.
- (ii) if the pre-payment is made in full after April 1, 2010 but before September 30, 2011, the Profit Participation Fee shall be the amount that is the greater of (1) \$20,000,000, or (2) the product obtained by dividing the Current Value by the 2009 Value to arrive at the Fair Market Factor, then multiplying the Fair Market Factor by \$20,000,000.
- (d) <u>Current Value</u>. Borrower and Lender acknowledge and agree that the fixed dollar component of the Profit Participation Fee calculation set forth in Sections 5.3(a), (b) and (c) above are based on the value of the Project being equal to approximately \$275,138,328 ("2009 Value"). It is the intent of Borrower and Lender that the Profit Participation Fee shall be increased if, and to the extent that, the fair market value of the Project increases during the term of the Loan. Accordingly, Borrower and Lender agree that the following procedures shall govern the determination of Current Value for purposes of calculating the Fair Market Factor and the Profit Participation Fee.

- (i) <u>Borrower's Election to Prepay</u>. If Borrower shall elect to prepay the Profit Participation Fee before the Maturity Date in accordance with either Section 5.3(b) or Section 5.3(c), then no later than thirty (30) days prior to the anticipated payment date, Borrower shall deliver to Lender written notice regarding Borrower's election and the anticipated date on which Borrower shall pay the Profit Participation Fee ("Borrower's Election Notice").
- (ii) Lender's Election to Review Current Value; First Negotiation. Upon Lender's receipt of Borrower's Election Notice, if Lender believes that the then-current fair market value ("Current Value") of the Project is greater than the 2009 Value, Lender shall send a written notice to Borrower ("Lender Notice"), and the parties shall have five (5) business days from Borrower's receipt of such Lender Notice ("Current Value Review Period") to negotiate and agree on the Current Value of the Project. If the parties are able to agree on the Current Value, such amount shall then be used to calculate the Fair Market Factor and the Profit Participation Fee as set forth above.
- (iii) <u>Appraisal Methods</u>. If Borrower and Lender do not agree upon the Current Value of the Project during the Current Value Review Period, then the Current Value shall be determined in accordance with one of the appraisal methods described below.
- 1. One Appraiser Method. First, Lender and Borrower shall have three (3) business days ("Appointment Period") to agree on the identity of an independent and qualified appraiser with not less than seven (7) years appraisal experience who is knowledgeable in commercial real estate in the Cabo San Lucas market ("Appraiser"). If the parties are able to reach agreement during the Appointment Period, they shall jointly engage the selected Appraiser, and shall charge such Appraiser to complete the appraisal within thirty (30) days and to deliver copies of the completed appraisal to both parties simultaneously. Borrower and Lender agree to share the cost of the appraisal equally and further agree that the Current Value of the Project, as determined by the Appraiser, shall be final and conclusive for purposes of determining the Fair Market Factor and the Profit Participation Fee.
- 2. Two Appraisal Method. If Borrower and Lender are unable to agree on the identity of an Appraiser within the Appointment Period, then no later than five (5) business days after the expiration of the Appointment Period, each party shall identify and engage a qualified Appraiser. Each party shall instruct the selected Appraisers to complete its appraisal within thirty (30) days and to deliver copies of the completed appraisal to both parties simultaneously. Upon completion of the two appraisals, Borrower and Lender shall have a second five (5) business day period to attempt to reach agreement on the Current Value of the Project. If the parties are able to agree on the Current Value, such amount shall then be used to calculate the Fair Market Factor and the Profit Participation Fee as set forth above. Borrower and Lender shall each bear the cost of its appointed Appraiser and shall share equally the cost of any third Appraiser appointed pursuant to Section 5.3(d)(iii)3 below.
- 3. <u>Third Appraiser</u>. If Borrower and Lender cannot agree on the Current Value within the five (5) business day period set forth in Section 5.3(d)(iii)2 above, then the two Appraisers shall agree on the appointment of a third Appraiser who shall determine

-29-

the Current Value of the Project taking into consideration any information provided by each of the initial two (2) Appraisers. The third (3rd) Appraiser shall determine the Current Value for purposes of calculating the Fair Market Factor and Profit Participation Fee; <u>provided however</u> that the Current Value determined by the third (3<sup>rd</sup>) Appraiser shall in no event be an amount greater than the highest value of the original two (2) Appraisals or less than the lowest value of the original two (2) Appraisals.

Section 5.4 Order of Priority. ### ARTICLE IX CONSTRUCTION BUDGET

#### Section 9.1 Construction Budget.

Disbursements of the Facility B Loan shall be governed by the Construction Budget. The Construction Budget shall include, in addition to the Budget Line Items described in Section 9.2 below, the Contingency Reserve and the Tax and Insurance Reserve. Borrower shall not modify the Construction Budget without first obtaining Lender's prior written consent thereto.

#### Section 9.2 Budget Line Items.

- (a) The Construction Budget includes as line items ("**Budget Line Items**") all Hard Costs and Soft Costs. All Facility B Loan proceeds disbursed by Lender shall be used only for the Budget Line Items for which such proceeds were disbursed.
- (b) Lender shall not be obligated to disburse any amount for any category of costs set forth as a Budget Line Item which is greater than the amount set forth for such category in the applicable Budget Line Item. Borrower shall pay as they become due all amounts set forth in the Construction Budget with respect to costs to be paid by Borrower. If any Budget Line Item shall be completed without the expenditure of all amounts in the Construction Budget allocated to such Budget Line Item, Borrower may reallocate the savings, provided that: (i) Lender shall have theretofore approved a revised Construction Budget reflecting the reallocation of Budget Line Items; (ii) no Budget Line Item for Hard Costs shall be reallocated to pay any Budget Line Item for Soft Costs until Borrower has paid all Hard Costs and completed the Improvements; and (iii) amounts shall not be reallocated from the Tax and Insurance Reserve and/or the Contingency Reserve. Further, subject to the provisions of clauses (i) through (iii) above, Borrower may reallocate savings between unfinished Budget Line Items, provided that Lender determines, in its sole discretion, that such reallocation shall not result in an increase in the Construction Budget or otherwise cause the Construction Budget or any Budget Line Item to be out of Balance.

#### Section 9.3 Contingency Reserve.

The Construction Budget shall contain a Budget Line Item for additional, unforeseen costs and expenses ("Contingency Reserve"). Borrower may from time to time request that Lender permit the reallocation of portions of the Contingency Reserve to pay costs of the Improvements for which amounts remaining in any Budget Line Item are insufficient. Borrower agrees that the decision with respect to utilizing portions of the Contingency Reserve in order to keep the Loan in Balance shall be made by Lender in its sole discretion, and that Lender may require Borrower to make a Deficiency Deposit even if funds remain in the Contingency Reserve.

#### Section 9.4 Tax and Insurance Reserve.

The Construction Budget shall contain Budget Line Items for payment of Taxes and Insurance Premiums ("Tax and Insurance Reserve"). Borrower hereby authorizes Lender from time to time, for the mutual convenience of Lender and Borrower, to disburse Loan proceeds to pay Taxes and Insurance Premiums, to the extent then due and payable, regardless of whether Borrower shall have specifically requested disbursement of such amount. Any such disbursement, if made, shall be added to the outstanding principal balance of the Notes and shall, when disbursed, bear interest at the Interest Rate. The authorization hereby granted, however, shall not obligate Lender to make disbursements of the Loan for Taxes and Insurance Premiums, unless Borrower requests, and qualifies for, disbursement of the portion of the Construction Budget allocated therefor.

### ARTICLE X SUFFICIENCY OF LOAN

#### Section 10.1 Facility B Loan In Balance.

Anything contained in this Agreement to the contrary notwithstanding, the Facility B Loan shall at all times remain in Balance, on a Budget Line Item basis and in the aggregate. A Budget Line Item shall be deemed to be in "Balance" only if Lender, in its sole discretion, determines that the amount of such Budget Line Item is sufficient for its intended purpose. The Facility B Loan shall be deemed to be in Balance in the aggregate only when the total of the undisbursed portion of the Facility B Loan less the Contingency Reserve equals or exceeds the aggregate of: (i) the costs required to complete the Construction in accordance with the Plans and Specifications and the Construction Budget; (ii) the amounts to be paid as retainages to persons who have supplied labor or materials to the Project; (iii) the amount required to pay interest on the Facility A Loan and Facility B Loan through the Maturity Date; (iv) the amount required to pay Taxes and Insurance Premiums and through the Maturity Date and (v) all other Hard Costs and Soft Costs not yet paid for in connection with the Project, as such costs and amounts described in clauses (i) through (v) above may be estimated and/or approved in writing by Lender from time to time. If, in Lender's sole discretion, either any Budget Line Item or the aggregate amount of the undisbursed portion of the entire Facility B Loan is insufficient for such purpose, Borrower shall, within ten (10) days after written request by Lender, deposit the deficiency with Lender ("Deficiency Deposit"). The Deficiency Deposit shall first be exhausted before any further disbursement of the applicable Loan proceeds shall be made. Any Deficiency Deposit remaining after a particular Budget Line Item or the Facility B Loan, as the case may be, is back in Balance shall be returned to Borrower. Lender shall not be obligated to make any Facility B Loan disbursements if and for as long as the Facility B Loan is not in Balance.

# ARTICLE XI CONSTRUCTION PAYOUT REQUIREMENTS

# Section 11.1 Documents to be Furnished for Each Disbursement.

- (e) An endorsement to the Title Policy though the date of the disbursement, confirming Lender's position first place beneficiary under the Trust Agreement, subject only to the Permitted Exceptions;
- (f) Copies of any Change Orders executed since the date of the last disbursement;
- (g) Copies of all Construction Contracts which have been executed since the last disbursement:
  - (h) All Permits then required in respect of the Construction; and
- (i) Such other instruments, documents and information as Lender or Title Insurer shall require in their sole discretion.

# Section 11.2 Retainage.

At the time of each disbursement of Facility B Loan proceeds, ten percent (10%) of the total amount then due the General Contractor and the various contractors under the Construction Contracts for Hard Costs shall be withheld from the amount disbursed. The retained amounts will be disbursed only at the time of the final disbursement of Facility B Loan proceeds pursuant to Article XII hereof. Notwithstanding the foregoing, Lender shall disburse to Borrower retained amounts in respect of any trade itemized in the Construction Budget if Lender determines, in its reasonable discretion, that such trade has been completed for not less than ninety (90) days,

CONFIDENTIAL

provided, however, that until the final disbursement of Facility B Loan proceeds pursuant to Article XII hereof, in no event shall retained amounts equal less than five percent (5%) of Hard Costs theretofore advanced by Lender.

# Section 11.3 Future Equity Requirement.

Borrower shall pay to Lender, in addition to any and all other amounts due hereunder, the Future Equity Requirement. The Future Equity Requirement shall be due and payable in accordance with the schedules set forth at Section 11.3(a) and 11.3(b) below. For purposes of this Agreement, "Future Equity Requirement" shall mean the payment obligation of Borrower equal to \$4,000,000, or, if the Maturity Date of the Loan is extended in accordance with Section 4.3 above, an additional payment obligation equal to \$4,000,000 during the extended term, such that the total Future Equity Requirement shall be \$8,000,000 if the Maturity Date is so extended.

(a) <u>Future Equity Requirement Payment Schedule During Initial Term of Loan</u>. During the initial term of the Loan, Borrower shall pay the Future Equity Requirement in accordance with the following schedule:

## (i) 2010 Future Equity Requirement.

1. On or before June 1, 2010, Borrower shall pay to Lender \$1,000,000 towards the Future Equity Requirement; provided, however, if Borrower has generated an aggregate amount of \$10,000,000 or more in sales (net of reasonable and customary closing expenses as approved by Lender) and such sales proceeds have been applied to the Loan in accordance with the Order of Priority, then this portion of the Future Equity Requirement shall be deemed satisfied by Borrower and no cash payment shall be required.

2. On or before November 1, 2010, Borrower shall pay to Lender \$1,000,000 towards the Future Equity Requirement; provided, however, if Borrower has generated an additional, aggregate amount of \$10,000,000 or more of sales (net of reasonable and customary closing expenses as approved by Lender) from and after the immediately preceding Future Equity Requirement payment date (June 1, 2010), and such sales proceeds have been applied to the Loan in accordance with the Order of Priority, then this portion of the Future Equity Requirement shall be deemed satisfied by Borrower and no cash payment shall be required.

#### (ii) 2011 Future Equity Requirement.

\$1,000,000 towards the Future Equity Requirement; provided, however, if Borrower has generated an additional, aggregate amount of \$11,000,000 or more of sales (net reasonable and customary closing expenses as approved by Lender) from and after the immediately preceding Future Equity Requirement payment date (November 1, 2010), and such sales proceeds have been applied to the Loan in accordance with the Order of Priority, then this portion of the Future

Equity Requirement shall be deemed satisfied by Borrower and no cash payment shall be required.

- 2. On or before November 1, 2011, Borrower shall pay to Lender \$1,000,000 towards the Future Equity Requirement; provided, however, if Borrower has generated an additional, aggregate amount of \$12,000,000 or more of sales (net of reasonable and customary closing expenses as approved by Lender) from and after the immediately preceding Future Equity Requirement payment date (June 1, 2011), and such sales proceeds have been applied to the Loan in accordance with the Order of Priority, then this portion of the Future Equity Requirement shall be deemed satisfied by Borrower and no cash payment shall be required.
- (b) <u>Future Equity Requirement Payment Schedule During Extended Term.</u> If the Maturity Date of the Loan is extended, then during the extended term of the Loan Borrower shall pay the Future Equity Requirement in accordance with the following payment schedule:

#### (i) 2012 Future Equity Requirement.

- 1. On or before June 1, 2012 Borrower shall pay \$1,000,000 towards the Future Equity Requirement; provided, however, if Borrower has generated an additional \$14,000,000 of sales (net of reasonable and customary closing expenses as approved by Lender) from and after the immediately preceding Future Equity Requirement payment date (November 1, 2011), and such sales proceeds have been applied to the Loan in accordance with the Order of Priority, this portion of the Future Equity Requirement shall be deemed satisfied by Borrower and no cash payment shall be required.
- 2. On or before November 1, 2012 Borrower shall pay \$1,000,000 towards the Future Equity Requirement; provided, however, if Borrower has generated an additional \$15,000,000 of sales (net of reasonable and customary closing expenses as approved by Lender) from and after the immediately preceding Future Equity Requirement payment date (June 1, 2012), and such sales proceeds have been applied to the Loan in accordance with the Order of Priority, then this portion of the Future Equity Requirement shall be deemed satisfied by Borrower and no cash payment shall be required.

#### (ii) 2013 Future Equity Requirement.

- 1. On or before June 1, 2013 Borrower shall pay \$1,000,000 towards the Future Equity Requirement; <u>provided</u>, <u>however</u>, if Borrower has generated additional \$16,000,000 of sales (net of reasonable and customary closing expenses as approved by Lender) from and after the immediately preceding Future Equity Requirement payment date (November 1, 2012), and such sales proceeds have been applied to the Loan in accordance with the Order of Priority, then this portion of the Future Equity Requirement shall be deemed satisfied by Borrower and no cash payment shall be required.
- 2. On or before November 1, 2013 Borrower shall pay \$1,000,000 towards the Future Equity Requirement; provided, however, if Borrower has

-38-

generated an additional \$17,000,000 of sales (net of reasonable and customary closing expenses as approved by Lender) from and after the immediately preceding Future Equity Requirement payment date (June 1, 2013), and such sales proceeds have been applied to the Loan in accordance with the Order of Priority, then this portion of the Future Equity Requirement shall be deemed satisfied by Borrower and no cash payment shall be required.

Sales Targets. For purposes of this Section 11.3(c), "Sales Target" means any of the dollar figures for net sales applied to the payment of the Loan set forth in the numbered subparagraphs of clauses (i), (ii) and (iii) of this Section 11. Notwithstanding the contrary provisions of Section 11.3(b), if any Sales Target is only partially achieved, the related portion of the Future Equity Requirement shall still be deemed satisfied, but only partially, in strict proportion to the amount of the Sales Target that is achieved. Accordingly, if a Sales Target is only partially achieved, the related \$1,000,0000 portion of the Future Equity Requirement shall be deemed satisfied in an amount calculated by multiplying \$1,000,000 by a fraction, the numerator of which shall be the actual amount of sales generated by Borrower (net of reasonable and customary closing expenses as approved by Lender) from and after the immediately preceding Future Equity Requirement payment date (or in the case of the portion payable on or before June 1, 2010, from and after the Effective Date) and the denominator of which shall be such Sales Target, and Borrower shall be required to pay to Lender an amount equal to \$1,000,000 less the amount deemed satisfied as aforesaid on the relevant payment date. By way of example only, if Borrower were to achieve \$12,000,000 of net sales during the applicable period prior to November 1, 2012 and the net Sales Target for such period is \$15,000,000, then the cash payment requirement due from Borrower to Lender would be reduced to \$200,000 as follows: \$12,000,000/\$15,000,000, or .8, multiplied by \$1,000,000 which equals \$800,000, thereby reducing the \$1,000,000 by \$800,000 to \$200,000.

# ARTICLE XII FINAL DISBURSEMENT FOR CONSTRUCTION COSTS

#### Section 12.1 Final Disbursement for Construction Costs.

Lender will advance to Borrower the final disbursement for costs of Construction (including retainages) when the following conditions have been satisfied, provided that all other conditions in this Agreement for disbursements have also been satisfied:

-39-

-40-

the Property within thirty (30) days after Borrower's receipt of written notice thereof. Lender will not be required to make any further disbursements of the proceeds of the Loan until any lien claims have been removed (by payment or by posting a bond) and Lender may, at its option, restrict disbursements to reserve sufficient sums to pay 150% of the lien. If Borrower shall fail timely to (i) discharge any such lien, or (ii) post a statutory lien bond, Lender may, at its election (but shall not be required to), procure the release and discharge of such lien and any judgment or decree thereon and, further, may in its sole discretion, settle or compromise the same, or may furnish such security or indemnity as Title Insurer shall require to insure Lender against the enforcement thereof, and any amounts so expended by Lender shall be added to the Debt. In settling, compromising or discharging any claims for lien, Lender shall not be required to inquire into the validity or amount of any such claim.

Borrower shall pay all Taxes and assessments and (e) charges of every kind upon the Property before the same become delinquent; provided, however, that Borrower may pay such tax under protest or to otherwise contest any such tax or assessment. but only if (i) such contest has the effect of preventing the collection of such taxes so contested and also of preventing the sale or forfeiture of the Property or any part thereof or any interest therein, (ii) Borrower has notified Lender of Borrower's intent to contest such taxes and (iii) Borrower has deposited security for the payment of contested taxes in form and amount satisfactory to Lender. If Borrower fails to commence such contest or, having commenced to contest the same, thereafter fails to prosecute such contest in good faith or with due diligence, or, upon adverse conclusion of any such contest, shall fail to pay such tax, assessment or charge, Lender may, at its election (but shall not be required to), pay and discharge any such tax, assessment or charge, and any interest or penalty thereon, and any amounts so expended in excess of any security posted by Borrower shall be added to the Debt and bear interest at the Default Rate. Borrower shall furnish Lender with evidence that taxes are paid at least ten (10) days prior to the last date for payment of such taxes and before imposition of any penalty or accrual of interest. Notwithstanding the foregoing, Lender shall not assert a default for failure to pay Taxes, provided that (x) there exists no Event of Default and (y) adequate funds for the payment of Taxes and Insurance Premiums exist in the Tax and Insurance Reserve.
- (f) <u>Personal Property</u>. Borrower shall keep all Personal Property incorporated in the Project free of all liens, encumbrances and security interests, other than the liens, encumbrances and security interests in favor of Lender created by the Amended Loan Documents.
- (g) <u>Leases</u>. Borrower shall deposit all security deposits under Leases in a segregated account with a financial institution reasonably acceptable to Lender.
- (h) <u>Construction Contracts</u>. Borrower shall not enter into, or materially modify, any Major Contract unless Borrower shall theretofore obtain Lender's prior written consent thereto. Promptly following its execution or modification thereof, Borrower shall

Promptly following its receipt thereof, Borrower shall furnish Lender with a copy of any material notice received or delivered by Borrower in respect of any Construction Contract including, without limitation, any notice of default.

- (i) Appraisals. Borrower shall, within thirty (30) days after the date hereof, furnish Lender with a reliance letter in form reasonably satisfactory to Lender with respect of the Appraisal heretofore furnished to Lender. Lender may obtain a new or updated Appraisal of the Property from time to time. Borrower shall cooperate with Lender in this regard. Notwithstanding the foregoing, Lender shall not obtain a new or updated Appraisal more than once in any twelve (12) month period, unless either (i) an Event of Default exists, or (ii) such Appraisal is then required under the terms of this Agreement. Borrower shall reimburse Lender upon demand for the cost of any Appraisal obtained by Lender in accordance with the terms of this Section 13.1(i).
- Furnishing Information. Borrower shall deliver or cause to be delivered to Lender, within ninety (90) days after the end of each calendar year, (i) with respect to Borrower, an annual financial statement, in a form satisfactory to Lender, audited by an independent, certified public accountant reasonably satisfactory to Lender, and (ii) with respect to Guarantor, a personal financial statement, in a form satisfactory to Lender, certified as true and correct by the party to whom it relates. # ARTICLE XV TRANSFERS

## Section 15.1 Prohibition of Assignments and Transfers by Borrower.

Borrower shall not assign its rights under this Agreement and any purported assignment shall be void. Except to the extent permitted pursuant to Article 16 hereof, Borrower shall not, without first obtaining the prior written consent of Lender (which consent may be withheld by Lender in its sole discretion), suffer or permit (a) any change in the management (whether direct or indirect) of the Property or of Borrower or (b) any Transfer. Notwithstanding the foregoing to the contrary, the following Transfers shall be permitted without the need for any such Lender approval: (i) Transfers to Lender or any other party by reason of Lender's exercise of its remedies under the Pledge Agreements; and (ii) Transfers of direct or indirect ownership interests in Borrower by any of its constituent members as of the date hereof if made to effect bona fide estate planning needs, so long as following any such transfer pursuant to this clause (y), no more than 70% of the beneficial economic interest in Borrower (whether directly or indirectly) has been transferred in the aggregate and Control of Borrower has not changed, provided, further, that in connection with any permitted Transfer pursuant to this Section 15.1, Lender receives: (i) all documentation evidencing the Transfer; (ii) confirmation that such Transfer shall not cause a breach of the representation made by Borrower in Section 3.1(v) hereof, in respect of OFAC, (ii) evidence satisfactory to Lender that the Transfer does not derogate in any way from the liens and security interests created by the Pledge Agreements, or otherwise impair Lender's first priority security interest thereunder; (iii) an endorsement to the UCC Policy to the effect that, after giving effect to the Transfer, Borrower retains a first priority security interest in the collateral under the Pledge Agreements; and (iv) payment for all out-ofpocket expenses incurred by Lender in connection with its review of the Transfer documentation and the issuance of the endorsement to the UCC Policy. Lender's consent if given in connection with any Transfer request shall not be deemed to be a waiver of Lender's right to require such

-51-

consent in the future. Any Transfer made in contravention of this Agreement shall be null and void and of no force or effect.

#### Section 15.2 Prohibition of Transfers in Violation of ERISA.

In addition to the prohibitions set forth in Section 15.1 above, Borrower shall not permit any Transfer, if such Transfer would cause the Loan, or the exercise of any of Lender's rights in connection therewith, to constitute a prohibited transaction under ERISA or the Internal Revenue Code or otherwise result in Lender being deemed in violation of any applicable provision of ERISA. Borrower agrees to indemnify and hold Lender free and harmless from and against all losses, costs (including attorneys' fees and expenses), taxes, damages (including consequential damages) and expenses Lender may suffer by reason of the investigation, defense and settlement of claims and in obtaining any prohibited transaction exemption under ERISA necessary or desirable in Lender's sole judgment or by reason of a breach of the foregoing prohibitions. # Section 15.3 Successors and Assigns.

Subject to the foregoing restrictions on Transfers contained in this Article 15, this Agreement shall inure to the benefit of, and shall bind, the parties hereto and their respective successors and assigns.

# ARTICLE XVI SPECIAL PROVISIONS RE: PARTICULAR PHASES

#### Section 16.1 Phases and Opportunity.

- (a) Borrower has advised Lender that it may wish to convey one or more Phases or portions thereof (including single family home lots or villas) to a third party purchaser or purchasers unaffiliated with Borrower or any Borrower Party prior to the Maturity Date (as the same may be extended in accordance with the terms hereof). Lender hereby agrees that, upon the request of Borrower from time to time, it shall cause Trustee to release the lien of the Trust Agreement from the applicable Phase (or portion thereof) upon the consummation of a bona fide, third party sale to a party other than an Affiliate of Borrower or any of Borrower Party, provided that:
  - (i) there shall then be no Default or Event of Default;
- (ii) Borrower shall pay to Lender an amount in respect of the applicable Phase (or portion thereof) equal to the greater of (A) the applicable Release Price, or (B) the net sale proceeds (i.e., gross sale proceeds less reasonable and customary closing expenses approved by Lender, including brokerage commissions), for prompt application by Lender in the Order of Priority;

-52-

- (iii) Borrower has theretofore subjected the Property (or such portions thereof as Lender shall require) to an REA;
- (iv) Borrower shall have theretofore caused the applicable Phase (or portion thereof) to be lawfully subdivided, in a manner reasonably acceptable to Lender, for real estate, zoning and other purposes required by Laws;
- (v) Borrower (or the purchaser) shall pay all transfer taxes, trustees fees and other amounts associated with the conveyance of the Phase (or portion thereof);
- (vi) Borrower furnishes Lender with an endorsement to the Title Policy, insuring Lender's interest as first place beneficiary under the Trust Agreement in respect of the remainder of the Property, subject only to the Permitted Exceptions;
- (vii) in respect of any conveyance of a portion of a Phase, Lender, acting reasonably, shall have concluded that such conveyance shall not impair the development of the remainder of the Phase; and
- (viii) Borrower reimburses Lender for all fees and expenses (including, without limitation, reasonable attorneys' fees) incurred by Lender in connection with evaluating and effectuating such release.

The term "Release Price" shall mean an amount equal to 100% of the fair market value of such released parcel, as determined by Lender in its sole discretion, net of reasonable and customary closing expenses approved by Lender, including brokerage commissions. Upon Lender's request therefor, Borrower shall execute such instrument as Lender shall require to establish the Release Price in respect of a Phase (or portion thereof). Any and all amounts paid to Lender shall be applied promptly by Lender in the Order of Priority.

Borrower has further advised Lender that it may wish to either commence "vertical" improvements or pre-development improvements not contemplated by the Construction Budget in respect of one or more Phases prior to the Maturity Date (as the same may be extended in accordance with the terms hereof). As consideration for Lender's agreement to make the Loan, Borrower hereby irrevocably grants Lender a first opportunity to consider, make or refuse each and every loan, financing opportunity or equity investment in any new or restructured financing, equity investment or recapitalization contemplated by Borrower (or its affiliates) with respect to any such Phase (each, an "Opportunity"). If Borrower wishes to enter into an Opportunity, Borrower shall promptly notify Lender in writing of all of the material terms thereof and shall thereafter attempt to negotiate in good faith with Lender a mutually satisfactory agreement with respect to Lender's involvement in the Opportunity. If Lender fails to respond to Borrower's notice of an Opportunity within fifteen (15) days after Lender's receipt thereof (or the parties, notwithstanding Borrower's compliance with the provisions of this Section 16.1, fail to agree upon the terms of the Opportunity within thirty (30) days after Borrower's receipt of Lender's acceptance of an Opportunity), Lender shall be deemed to have waived the Opportunity. Notwithstanding the foregoing provisions of this Section 16.1, Lender shall not be deemed to have waived an Opportunity by reason of its failure to respond to

-53-

::ODMA\PCDOCS\BA3DOCS1\412820\8

Borrower's notice thereof unless such notice states, in capital letters, that Lender's failure to respond thereto in the time provided shall result in the waiver of its rights. Borrower shall not contact or engage any party other than Lender in connection with an Opportunity unless Lender has theretofore waived its rights in respect of such Opportunity in writing or otherwise consents in writing thereto. If Lender waives (or is deemed to have waived) its Opportunity in respect of a Phase, Lender shall release its lien if, and only if, Borrower satisfies the terms and conditions relating to the release of a parcel set forth in Section 16.1(a).

# Section 16.2 Opportunities upon Maturity or Sooner Prepayment.

The provisions of Section 16.1 hereof shall apply to any Opportunity contemplated by Borrower in respect of the Property upon the maturity of the Loan or any sooner prepayment of the Loan.

## ARTICLE XVII SERVICER

Borrower shall be responsible for any reasonable set-up fees or any other initial costs relating to or arising under the Servicing Agreement. Thereafter, Borrower shall reimburse Lender for the monthly servicing fees payable under the Servicing Agreement ("Servicing Fees"). Borrower shall further reimburse Lender upon demand for reasonable out-of-pocket costs and expenses incurred by Servicer in (i) reviewing Borrower's requisitions for advances of the Loan, (ii) reviewing proposed Leases, (iii) conducting inspections of the Property, (iv) applying the provisions of this Agreement to any casualty or condemnation proceeding affecting the Property, (v) responding to any Default or Event of Default, or (vi) otherwise incurred in connection with this Agreement.

BORROWER WILL INDEMNIFY LENDER FOR THE FULL AMOUNT OF INCLUDED TAXES PAID BY LENDER, ANY LIABILITY (INCLUDING PENALTIES, INTEREST AND EXPENSES) ARISING THEREFROM OR WITH RESPECT THERETO, WHETHER OR NOT SUCH INCLUDED TAXES WERE CORRECTLY OR PAYMENT UNDER THIS INDEMNIFICATION SHALL BE LEGALLY ASSERTED. Borrower acknowledges that Lender may sell the Loan to a party who may pool the Loan with a number of other loans and grant participations therein or issue one or more classes of

-63-

::ODMA\PCDOCS\BA3DOCS1\412820\8

Mortgage Backed, Pass-Through Certificates or other securities evidencing a beneficial interest in a rated or unrated public offering or private placement (such sale and/or securitization, a "Securitization"; the securities evidencing such Securitization the "Securities") or syndicate the Loan to one or more third parties. In connection therewith, Borrower agrees to make available to Lender such financial and other information with respect to the Property, Borrower and Guarantor as Lender reasonably requests (collectively, the "Provided Information"). The Securities and/or the Loan may be rated by one or more of the Rating Agencies. Lender may share the Provided Information with the investment banking firms, Rating Agencies, accounting firms, law firms and other third-party advisory firms involved with the Loan or the Securities. The Provided Information may ultimately be incorporated into the offering documents for the Securities or in connection with syndication and thus such information may be disclosed to various investors. Lender and all of the aforesaid third-party advisors and professional firms shall be entitled to rely on the information supplied by, or on behalf of, Borrower. Lender, at its sole option, may also elect to split the Loan into two or more loans, each secured by liens on the Property, and sell, assign, pledge or otherwise hypothecate one or more of such loans to third parties. Borrower shall cooperate in all such efforts by executing and delivering all such documents, certificates, instruments and other things reasonably necessary to evidence or confirm Borrower's obligations hereunder; provided, however, that in no event shall the Debt or Borrower's obligations hereunder be increased as a result thereof. Upon presentation of paid receipts or invoices therefor, Lender shall reimburse Borrower for out-of-pocket costs (including, without limitation, reasonable legal fees) paid or incurred by Borrower in connection with the performance of its obligations under this Section 24.1.

Section 24.2 <u>Intentionally Omitted</u>.

Section 24.3 Loan Components.

Borrower agrees that in connection with any Securitization or syndication of the Loan, upon Lender's reasonable request and at Lender's sole cost and expense, Borrower shall deliver one or more new component notes to replace the original Notes or modify the original Notes to reflect multiple components of the Loan. Such new notes or modified Notes shall bear interest at the Interest Rate and shall otherwise be on the same terms as the original Notes. In the event of a prepayment of the Loan, Lender shall be entitled to apply the amount of such prepayment to one or more of the new component notes as Lender in its sole discretion decides.

Section 24.4 Costs.

Lender shall bear all costs and expenses incurred by Lender in connection with any Securitization or syndication of the Loan.

Section 24.5 Conversion of Loan and Creation of Subordinate Debt.

Lender shall have the right, at Lender's sole cost and expense, to convert a portion of the Loan into subordinate financing, including, but not limited to, mezzanine debt, subordinate debt or participations in the Loan (collectively, "Subordinate Loan"), provided that (i) the aggregate principal amount of the Loan and the Subordinate Loan on the date of such adjustment shall

-64-

CONFIDENTIAL DANSKE\_0013928

equal the aggregate outstanding principal balance of the Loan immediately prior to such adjustment, and (ii) the notes evidencing the Loan and the Subordinate Loan shall bear interest at the rates and shall otherwise be on the same terms as the original Notes. Borrower shall cooperate with all reasonable requests of Lender in connection with any such adjustment of the Loan and shall execute and deliver such documents as shall reasonably be required by Lender in connection therewith.

#### Section 24.6 Securitization Indemnification.

- (a) Borrower understands that certain of the Provided Information may be included in disclosure documents in connection with the Securitization, including, without limitation, a prospectus, prospectus supplement or private placement memorandum (each, a "Disclosure Document") and may also be included in filings with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended ("Securities Act"), or the Securities and Exchange Act of 1934, as amended ("Exchange Act"), or provided or made available to investors or prospective investors in the Securities, the Rating Agencies, and service providers relating to the Securitization. In the event that the Disclosure Document is required to be revised prior to the sale of all Securities, Borrower will cooperate with the holders of the Notes in updating the Disclosure Document by providing all current information necessary to keep the Disclosure Document accurate and complete in all material respects.
- Borrower agrees to provide in connection with each of (i) a preliminary (b) and a private placement memorandum, or (ii) a preliminary and final prospectus or prospectus supplement, as applicable, an indemnification certificate (A) certifying that Borrower has carefully examined such memorandum or prospectus, as applicable including, without limitation, the sections entitled "Special Considerations," "Description of the Mortgages," "Description of the Mortgage Loans and Mortgaged Property," "The Manager," "The Borrower" and "Certain Legal Aspects of the Mortgage Loan," and such sections (and any other sections reasonably requested) do not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading, (B) indemnifying Lender (and for purposes of this Section 24.6(b), Lender hereunder shall include its officers and directors), the Affiliate of Lender that has filed the registration statement relating to the securitization ("Registration Statement"), each of its directors, each of its officers who have signed the Registration Statement and each Person who controls the Affiliate within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act (collectively, "Danske Group"), and Lender, each of its directors and each Person who controls Lender within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act (collectively, "Underwriter Group") for any losses, claims, damages or liabilities (collectively, "Liabilities") to which Lender, the Danske Group or the Underwriter Group may become subject insofar as the Liabilities arise out of or are based upon any untrue statement or alleged untrue statement of any material fact contained in such sections or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated in such sections or necessary in order to make the statements in such sections or in light of the circumstances under which they were made, not misleading and (C) agreeing to reimburse Lender, the Danske Group and the Underwriter Group for any legal or other expenses reasonably incurred by Lender, the Danske Group and the Underwriter Group in

-65-

::ODMA\PCDOCS\BA3DOCS1\412820\8

connection with investigating or defending the Liabilities; <u>provided</u>, <u>however</u>, that Borrower will be liable in any such case under clauses (B) or (C) above only to the extent that any such loss claim, damage or liability arises out of or is based upon any such untrue statement or omission made therein in reliance upon and in conformity with information furnished to Lender by or on behalf of Borrower in connection with the preparation of the memorandum or prospectus or in connection with the underwriting of the Debt, including, without limitation, financial statements of Borrower, operating statements, rent rolls, environmental site assessment reports and property condition reports with respect to the Property. This indemnity agreement will be in addition to any liability which Borrower may otherwise have. Moreover, the indemnification provided for in Clauses (B) and (C) above shall be effective whether or not an indemnification certificate described in (A) above is provided and shall be applicable based on information previously provided by Borrower or its Affiliates if Borrower does not provide the indemnification certificate.

- (c) In connection with filings under the Exchange Act, Borrower agrees to indemnify (i) Lender, the Danske Group and the Underwriter Group for Liabilities to which Lender, the Danske Group or the Underwriter Group may become subject insofar as the Liabilities arise out of or are based upon the omission or alleged omission to state in the Provided Information a material fact required to be stated in the Provided Information in order to make the statements in the Provided Information, in light of the circumstances under which they were made not misleading, and (ii) reimburse Lender, the Danske Group or the Underwriter Group for any legal or other expenses reasonably incurred by Lender, the Danske Group or the Underwriter Group in connection with defending or investigating the Liabilities.
- Promptly after receipt by an indemnified party under this Section 24.6 of notice of the commencement of any action, such indemnified party will, if a claim in respect thereof is to be made against the indemnifying party under this Section 24.6, notify the indemnifying party in writing of the commencement thereof, but the omission to so notify the indemnifying party will not relieve the indemnifying party from any liability which the indemnifying party may have to any indemnified party hereunder except to the extent that failure to notify causes prejudice to the indemnifying party. In the event that any action is brought against any indemnified party, and it notifies the indemnifying party of the commencement thereof, the indemnifying party will be entitled, jointly with any other indemnifying party, to participate therein and, to the extent that it (or they) may elect by written notice delivered to the indemnified party promptly after receiving the aforesaid notice from such indemnified party, to assume the defense thereof with counsel satisfactory to such indemnified party. After notice from the indemnifying party to such indemnified party under this Section 24.6, the indemnifying party shall not be responsible for any legal or other expenses subsequently incurred by such indemnified party in connection with the defense thereof other than reasonable costs of investigation; provided, however if the defendants in any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there are any legal defenses available to it and/or other indemnified parties that are different from or additional to those available to the indemnifying party, the indemnified party or parties shall have the right to select separate counsel to assert such legal defenses and to otherwise participate in the defense of such action on behalf of such indemnified party or parties. The indemnifying party shall not be liable for the expenses of more than one such separate

counsel unless an indemnified party shall have reasonably concluded that there may be legal defenses available to it that are different from or additional to those available to another indemnified party.

- (e) In order to provide for just and equitable contribution in circumstances in which the indemnity agreements provided for in Sections 24.6(b) or (c) is or are for any reason held to be unenforceable by an indemnified party in respect of any losses, claims, damages or liabilities (or action in respect thereof) referred to therein which would otherwise be indemnifiable under Sections 24.6(b) or (c), the indemnifying party shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages or liabilities (or action in respect thereof); provided, however, that no Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. In determining the amount of contribution to which the respective parties are entitled, the following factors shall be considered: (i) Lender's and Borrower's relative knowledge and access to information concerning the matter with respect to which claim was asserted; (ii) the opportunity to correct and prevent any statement or omission; and (iii) any other equitable considerations appropriate in the circumstances. Lender and Borrower hereby agree that it would not be equitable if the amount of such contribution were determined by pro rata or per capita allocation.
- (f) The liabilities and obligations of both Borrower and Lender under this Section 24.6 shall survive the termination of this Agreement and the satisfaction and discharge of the Debt.

#### Section 24.7 Rating Surveillance.

Borrower will retain the Rating Agencies to provide rating surveillance services on any certificates issued in a Securitization. Such rating surveillance will be at the expense of Borrower in an amount determined by Lender in its reasonable discretion prior to the occurrence of a Securitization. Such expense will be paid in monthly installments.

#### Section 24.8 Assignment.

Lender shall have the right to sell, assign, pledge, participate and otherwise transfer all or any portion of its rights and interests in and under either or both of the Loans to any third party at any time and from time to time. Borrower, Borrower Parties, and Guarantor shall fully cooperate with any and all such sales, assignments, pledges, participations and/or transfers by Lender.
